Contact Hours: 5 Water & Wastewater Hours

Instructor: Eastcom Associates Inc.

Location:

Wyndham Garden
2000 Loucks Road
York, PA 17408-9703

About the Class:

Accurate utility line locating and marking are essential in providing a safe digging environment. Historically, many locators have not had formal training in the process of accurate utility line marking. Because of this lack of training many lines continue to be miss marked or unidentified. The goal of this course is to provide the tools necessary to accurately and efficiently locate a wide variety of buried utilities. This course is designed to teach the concepts and physics of utility line locating equipment. The information provided applies to a wide range of utility locating equipment and is not specific to one make or model.
